FOR IMMEDIATE RELEASE: 8/1/19

TrackMy Solutions partners with Maria Gmitro!

KANSAS CITY, MO, August 1st, 2019

Maria Gmitro, President and Founder of the Breast Implant Safety Alliance (BISA) has partnered with TrackMy Solutions. Through this partnership they will both continue to strive for patient safety and awareness. Maria will manage the patient advocacy outreach program for TrackMy Solutions.

Credentials

Maria Gmitro holds a Master's Degree in Instructional/Educational Technology from the University of Central Florida. She has taught kindergarten through college both face to face as well as online.

She experienced illness from newly FDA approved breast implants, had her implants removed after only three years then started regaining her health. Upon healing, she learned from and supported other women suffering from breast implant illness and BIA-ALCL. She testified in front of the FDA at the most recent hearing on the safety of breast implants in March of 2019.
