TrackMy Solutions and Work Health Solutions Announce Partnership to Streamline the COVID19 Vaccine Verification and Test Validation Process to Increase Employee Safety

TrackMy Solutions – creator of [VeriVax](#), the only eVaccine Passport connected to state registries (through our virtual care pharmacy program), and Work Health Solutions, a leader in onsite mobile medicine, recently announced a partnership create a safer workplace that is more resilient from COVID-19 outbreaks with a holistic and comprehensive COVID-19 response plan.

Work Health Solutions reduces healthcare and workers compensation costs for small and large companies with flexible mobile options for occupational health services. Work Health Solutions meets client needs by setting up mass testing sites or mass vaccination sites all while using TrackMy VeriVax and TrackMy Lab Results from TrackMy Solutions as the technology vendor.

TrackMy VeriVax is a verification management technology service for any organization looking to track and confirm any and all vaccine statuses (COVID-19, HepB, tDap, MMR, etc.) TrackMy Verivax seamlessly empowers businesses to capture data, track compliance, report on vaccine administration and verify vaccine data with state registries through secure HIPAA compliant technology.

“We are thrilled to formally announce our partnership with Work Health Solutions, leaders in onsite mobile medicine. They continue to meet and exceed client demands given short timelines and overall embody a proactive approach to fighting the pandemic. Through this partnership, we are offering our technology to continue to streamline compliance tracking for clients and we are excited to continue on our vision of saving lives through technology” says Jeremy Elias, Founder & CEO of TrackMy Solutions.

According to Dr. Letitia Heshmat, Founder & President of Work Health Solutions, “It was of the utmost importance for me to find a partnership that would embody the same agility and ability to adapt that we pride ourselves on at Work Health Solutions. Together, TrackMy and Work Health can track and verify vaccines, providing ongoing testing and screening, and ultimately deliver one streamlined solution to help our clients fight against COVID-19 and keep their workforce safe. I’m excited about the partnership of TrackMy Solutions and Work Health Solutions and look forward to being able to continue to add value for our clients.”

TrackMy Solutions and Work Health Solutions recently collaborated on a Webinar on tracking and managing employee vaccine status, “Who Got the Shot: Vaccine Programs Simplified.” With Dean Frieders, Chief Solutions Officer of @WorkHealthSolutions and Paul Edwards, Chief Strategy Officer of @TrackMySolutions. They discussed the current #Covid19 mandate and how it impacts employers, tracking vaccination status, and our robust Covid support options. A recording of the informative webinar can be viewed [here](#) about our industry exclusive vaccine verification process, and how our unique healthcare/tech partnership can help your business.
